All Seeing Eye

## Illuminati All Seeing Eye

The end goal of the Illuminati is to establish a one-world authoritarian government known as the New World Order .

The New World Order is a conspiracy theory that a powerful group is in control of the world's finances, government and religion .

Eye w/ pyramid symbolizes

Ruler | Elite class | Authority | Enslavement | Debt

DARK WALLET

turned down pyramid communicates against rulers but is contradicted by the all seeing eye. Sending mix signals.

Do we still have a ruler?

In egyptian mythology, the Eye of Horus was believed to have healing and protective power however most view this as the mark of the illuminatti so it is important to address the eye.

DARK WALLET

DARK WALLET

Turned down pyramid with crossed eye symbolizes

no ruler | Freedom | against the current system  
equality | decentralization | Anarchy

Against centralization of power through the enslavement of the population through fiat currency.  
Against financial authority of parasitic banks.  
Power returned to the people. The crossed eye indicates no authority figure. No master.
